Re: Design registration

The design submission, tracking number 2006-06754, originally received on September 01, 2006 was surveyed and closed for registration as follows:

CRN : Not Issued **Closed on:** October 12, 2006
Reg Type: New Design
Drawing No. : GAH (21015 PV SERIES GLYCOL PUMP)
Fitting type:

In accordance with the Pressure Equipment Exemption Order AR 56/2006, the Pressure Equipment Safety Regulation does not apply to "a pressure container that is an integral part of a rotating or reciprocating mechanical device, where the primary design considerations or stresses of the device are derived from the functional requirements of the device".

If you have any question don't hesitate to contact me by phone at (780) 433-0281 ext 3331 or fax (780) 437-7787 or e-mail Liebl@absa.ca.

Sincerely,

LIEBL, ERICK, P. Eng.
Design Survey Engineer
