

# RECALL NOTICE

## 7350C6 CASTINGS STAMPED WITH HEAT CODE 3CE

### **Seller:**

Kimray stores, supply stores, and distributors that sell Kimray products

### **Kimray Products Affected:**

Stainless steel 6000 psig drip pots built with 7350C6 castings stamped with heat code 3CE, purchased between April 2020 and June 2021.

The affected products include:

- EFMS6V15B
- EHLS6V3P
- MFJMOD1ZRS6NC
- EFMS6V3B
- EHYS6AF3B
- YTZS6
- EFPS6V3P
- EIBS6V15B
- YTZS6MTR
- EFUS6V15B
- EIFMOD6PHS6NC
- EGTS6V15B
- EPHS6AF7BNC
- EGUS6V15B
- EPIMOD8MTRNC
- EHJS6V3BP0
- EQJS6V15B

These products include standalone drip pots as well as valve packages that include the drip pots.

Only 7350C6 castings stamped with the 3CE heat code are affected by this recall.

### **Hazard:**

Voids in the casting may be present due to errors in the casting process, causing the drip pot wall thicknesses to be below required engineering standards. Dangers include, but are not limited to, bodily injury, equipment failure, and property damage by a malfunctioning product.

### **Contact Details:**

Contact your local Kimray Store or Authorized Kimray Distributor. If you are unable to, contact Kimray Product Manager Brian Levings at [blevings@kimray.com](mailto:blevings@kimray.com) or (405) 525-6601 ext. 1149.

### **What To Do:**

Kimray is asking all users to replace their affected products. Replacement products are immediately available. Return your affected products to Kimray.

If your product is stamped with the heat code 3CE in this location, you are encouraged to immediately take action.
